- b) Validation of the high school grade point average (GPA), which accounts for 25% of the final score.

II. The admission requirements that applicants must meet are as follows:

- a) Participate in the Admission Process referred to in the previous item.
- b) Have completed high school or be currently enrolled in the sixth semester of the same (which must be completed before starting the enrollment process).
- c) Have a minimum grade point average of 6 or 60, depending on the grading scale used by the high school of origin.
- d) Foreign applicants must send their high school graduation certificate or transcript to the email: equivalenciassuperior@uan.edu.mx, requesting the conversion of their grades according to our institution's scale, as well as the calculation of the general average.

III. The entry requirements that applicants must meet are as follows:

- a) Have the high school graduation certificate and other documents established by the General Directorate of School Administration for the enrollment process.

2. Platform Registration

I. Registration for the CENEVAL EXANI-II exam "In-Person" or "From Home" or the Virtual General Knowledge Exam will be subject to the following:

- a) Institutional registration must be completed through the UAN Admission page <https://admission.uan.mx>. For this purpose, the following elements are required:

1. CURP (Unique Population Registry Code).
 2. Photograph of the applicant.
 3. High school certificate with GPA (digitally in .PDF format).
 4. Personal and alternative email addresses.
 5. Personal and alternative phone numbers.
- b) Foreign applicants must go to the Coordination for University Student Records in the Academic Secretariat, located in the PiiDA building, first floor, from 09:00 to 14:00 and from 17:00 to 20:00 hours, to request an access code for the Admission System.
- c) If the high school certificate does not specify the general average, the applicant must go to their school of origin to have it validated. For this, we suggest making a copy of the certificate and presenting it to the institutional authority so they can add the general average, including the name of the validator, stamp, and signature.
- d) Institutional registration can be done for up to two academic programs (associate degree or bachelor's degree), selecting your first option to participate in the exam application, with the possibility of choosing a second admission option.
- e) The average must be entered into the system, and the high school certificate must be attached in .PDF format, ensuring that the general information and average are legible for validation. If your certificate contains information on both the front and back, you must scan both sides into a single file to upload it. Additionally, to complete your validation, you must go to the corresponding campus. To do this, you must previously review the schedule (place, date, and time) which will be published on the official Facebook page Admisión Nivel Superior UAN.
- f) All fields in the registration form must be complete; otherwise, the applicant will be deemed to have withdrawn from the Admission Process and will not be able to continue with their registration.
- g) Any applicant who provides incorrect, incomplete, or false information will have their registration invalidated and will not be able to continue with the process. Once completed, the system will generate a digital application (with a print option) to select the payment method.
- h) For programs in the onsite modality and for the Bachelor's Degree in Early Childhood Education and Organizational Management, after the corresponding payment is verified, the "CENEVAL Registration" option will be enabled on the UAN Admission page, which must be completed with the requested data. Once started, no changes can be made, so it is the applicant's responsibility to complete the registration correctly and conclude it according to the dates established in this call.
